

WeGo Ride

The Commuter

Solution

What is WeGo Ride?

For organizations that want to offer an alternative to driving to work or school, WeGo Ride is a sponsored program that allows employees or students to commute at a reduced fare using public transit around the region.

What are the benefits of WeGo Ride?

For passengers:

- A stress-free commute avoiding traffic and parking stress
- Savings on car and gas expenses

For you:

- A workforce and/or student body that arrives mentally prepared to start the day
- Savings in payroll taxes
- Reduction in parking costs
- Great recruiting tool

Plus, all buses have WI-FI and plugins for easy phone charging, as well as cameras to ensure the safety of all passengers.

Improve Nashville's commuter experience while helping to reduce the city's carbon footprint. Relax and let WeGo do the driving.

WeGo Ride details

Once you establish your commitment to your students/employees, we will help you integrate with QuickTicket. We offer an annual program which costs **\$25 per person per year** for your entire workforce and/or student body, as well as a pay per swipe program that charges you on a per swipe basis.

- Purchase annual passes or pay-as-you-go to participate in one of the programs.
- No limits on card use, ride anytime/anywhere within our system.
- Training and easy to follow materials provided once you partner with us.
